app presentation

Disclamer- These are almost 90% of the screens. There can be some changes made during the development phase. These are tentative screens for Yalla Padel.

# Intro Screens

The App will begin with an animation splash screen that would entice the user to begin one's journey. This is followed by several screens that explains the application and helps the user in order to use the app in it's most fullest form.

This is then followed by the sign up and sign in procedure.

# Home Screen

This would have a cummalative of 6 call to action buttons.

1. The court section button on the top left, where one can see the available matches on that particular court or center.

2. Play button is basically the home screen where one can join their choice of desired match that a user can view.

3. Search button is where one can search nearby or distance centers to play in.

4. Centers- one can easily look into profiles of each and every center to make choices.

5. Profile - A user can manage each and every registering and control ones profile.

6. Create game- This is where one can create a game with a choice to whether the game should be played between a group, privately or have a open match which would be available to all.

One can join any match which is public from the home screen.

## Select activity:

←

Players will be added directly to the match. If you want to invite players instead, do so in the next step.

# Create Game

This is the most important screen when it comes to the architecture of the app.

User can create a match stating the time, court, location, number of players, level of the game.

The creator can also decide whether to keep the game as private or just friends or public.

Once submitted with will act real time.

This screen is for courts where a user can search for courts near or away depending on the requirement. One can also look into timings, locations, contact details and other information about tournaments and matches conducted by the club themselves with a minimum of 1 player to start with, then other people may join.
